ABOUT FISHING IN MEXICO

Every vessel in Mexican waters carrying fishing gear, must obtain a sports fishing license for each person on board the vessel.

A sports license is not required for fishing from shore.

Anglers in ocean waters may use as many fishing rods/reels at the same time as desired. In inland waters, only one rod/reel may used at any one time per fisherman. In both instances, the catch limits dictated by law must observed.

A sportfishing license allows the angler to catch fish only; shellfish or crustaceans are strictly prohibited, the only exception is squid. Also totoaba, turtles, marine mammals, reptiles and amphibians are protected by federal law and must be avoided.

For bottom fishing, only up to four hooks may be used in a vertical line.

Electric powered reels may be used by persons with disabilities, and a special permit must be obtained from the authorities.

CATCH LIMITS:

- In ocean waters and estuaries, up to TEN FISH, with a maximum of five fish of the same species.
- Marlin, Sailfish, Swordfish, Shark, and Pescada (*Sterolepis Gigas*), the limit is ONE total— which will count as five of the same species.
- Dorado, Rooster Fish or Sabalo, Berry (*Mycteroperca Jordani*) or Bluefin Tuna (Thunnus Orientalis), the limit is TWO total — which will count as five of the same species.
- Squid. The limit is FIVE per angler per day
- Inland, fresh water. The total limit is FIVE fish either of the same or different species.
- Underwater fishing. Only when free diving — no tank, and using a harpoon equipped with rubber band, coil or pneumatic.
- Catch and Release. There is no limit as long as the catch is released in good condition for survival.
- Three days or longer — fishing from a vessel. The accumulated maximum number of catches per angler will be three times the daily limit as mentioned above.

INM
SECRETARÍA DE GOBERNACIÓN
INSTITUTO NACIONAL DE MIGRACIÓN

INTRODUCTION

The Instituto Nacional de Migración (*National Immigration Institute*) is the government arm required by Mexican Law to oversee foreign individuals visiting Mexico. INM has created a new PRE-TRAVEL simplified process in order to facilitate the documentation of those individuals wanting to visit Mexico by boat and wishing to engage in recreational activities, including sport fishing, whale watching, diving and cruising — among others.

The process involves the completion of three simple steps which may be completed BEFORE departing for Mexico, as outlined within this brochure.

GET TO KNOW WHO'S WHO

The Maritime Authority works through MARINA (*Secretariat of the Navy*), to oversee compliance of the regulations issued by the IMO, in order to guarantee protected, efficient and safe maritime passages.

Banjercito Provides Banking and Credit services to members of the Army, Air Force and Navy, and the General Public, and oversees the online services allowing payments for the temporary import of vehicles and boats.

INM (Secretaría de Gobernación, Instituto Nacional de Migración) An arm of the Mexican government which controls and supervises migration in the country.

SAT Servicio de Administración Tributaria — The Mexican tax authority responsible for the supervision for compliance of tax and customs legislation.

MARINA Secretaría de Marina — The Mexican Navy is one of the two independent armed forces of Mexico. The naval forces are called the Armada de México. The Secretaría de Marina (MARINA) (*Secretariat of the Navy*) includes both the Armada and ministerial and civil service.

CONAPESCA Comisión Nacional de Acuacultura y Pesca — CONAPESCA is a decentralized body of SADER (*Ministry of Agriculture*) committed to legality, quality and transparency, in charge of fostering and developing coordination with various entities to implement policies, programs and regulations that lead and facilitate the development – competitive and sustainable, of the fishing and aquaculture sector of the country.

CONANP Comisión Nacional de Áreas Naturales Protegidas — CONANP is the institution responsible for safeguarding the areas with the greatest biodiversity in Mexico.

IMMIGRATION REQUIREMENTS FOR INDIVIDUALS & VESSELS WHICH MAY BE PROCESSED PRIOR TO CRUISING IN TERRITORIAL MEXICAN WATERS BY PRIVATE BOAT.

NOTE: These steps MUST be completed by individuals PRIOR to cruising in territorial Mexican waters for any length of time WITHOUT GOING ASHORE.
e.g. visiting the Coronado Islands, fishing ventures, offshore crusing, etc.

STEP ONE

Visit the following Internet portal to apply for entry to Mexico and pay the required fees: **https://www.banjercito.com.mx/registroEmbarques/**

For additional information visit:
https://www.gob.mx/inm/acciones-y-programas/sport-fishing-and-nautical-tourism

Follow the instructions and save the electronic receipt. You will need it when you e-mail the passenger list to INM in the next step.
Also print out a copy to keep with you on the boat.

The following information must be provided:

a. Passport number of the person responsible for the vessel

b. Vessel Documentation (State or Federal Documentation).

c. A $575 Mexican Pesos fee per each visiting foreigner as required by the Federal Fee Act (Ley Federal de Derechos), Article 8, Section I. The fee must be paid using a credit card for each person INDIVIDUALLY. Group payments are not allowed.

STEP TWO

Download and complete the spreadsheet with the information of the vessel and passengers from:
http://www.inm.gob.mx/gobmx/word/index.php/instructions-for-the-shipping-of-electronic-passenger-lists

Here you will find the following:

- A Sample Form (spreadsheet) for submission of a list of maritime passengers and crew members — delete the sample information and insert your passenger list. Save it to your computer following the instructions on the web page including how to name the file correctly.
- A guide for filling the Form for the submission of a list of maritime passengers and crew members
- An e-mail Directory/List of INM Ports addresses for submission of lists of maritime passengers and crew members.

STEP THREE

E-mail the completed spreadsheet to INM and copy of your receipt (See STEP TWO above, 3rd bullet, on how to find the correct e-mail address)

As an example, if you are leaving from Southern California you should send the e-mail to the Ensenada INM Office at: **BC_ensenada@inami.gob.mx.**
Visit the following for more information:
https://www.gob.mx/inm/acciones-y-programas/sport-fishing-and-nautical-tourism

Once the visitors information outlined above is sent to INM, INM will e-mail you back the entry authorization (or denial) to the individuals intending to enter Mexico's territorial waters onboard the given vessel. The document must be kept aboard the vessel at all times along with the receipt of payment.
The receipt must be presented to the Mexican Immigration Authorities at the first Port of Entry in exchange for each individual's FMM (see next page for additional information).

- The authorizing e-mail will also contain INM's permit to enter as a Visitor Without Permission to Perform Activities for Profit (i.e. work for income/profit).
- The length of the stay will be the amount of time requested by the applicant, but shall not exceed 180 days, and cannot be used for multiple entries and departures.
- A copy of your information will be sent to the Secretary of the Navy (*MARINA*) and to the Port Captain.

YOU CAN VERIFY IF YOUR BOAT HAS A TIP ALREADY ISSUED TO YOU OR A PREVIOUS OWNER:
https://portalsat.plataforma.sat.gob.mx/aduanas_cpitv_internet/index.aspx#

If the vessel does not have a Temporary Import Permit "**TIP**"on board, or fails to exit Mexico prior to it's expiration, the vessel will be considered to be in Mexican territory illegally and may be subject to fines and/or confiscation by Customs Authorities.

Temporarily Imported Vessels cannot be sold in Mexico and chartering requires Mexican permits.

A TIP is valid for a period of 10 years from the issue date, allowing for multiple entries during this period.

A new Temporary Import Permit - **TIP-** may be requested for an additional 10 years for the same vessel as long as it is processed within 45 days prior to the permit's expiration date, by internet, through banjercito.com.mx, or at any of the CIITEV centers, without the need for the vessel's inspection, plus, there is not need to submit Exit papers if renewing the **TIP** wihtin 45 prior to the **TIP**'s expiration date.

CANCELLATION OF A TIP

If the vessel will be leaving Mexico BY LAND:
Vessel must be made available for inspection to Customs Officials at the Port of Entry chosen to exit Mexico. The authorized individual must be present at the same time and must show the original Import Permit (**TIP**) and the Mobil Accessory List.

If the vessel will be leaving Mexico BY SEA on its own bottom:

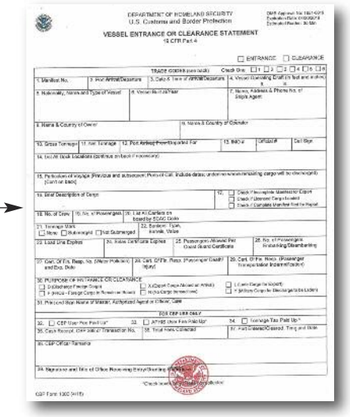
The **TIP** may be cancelled at the Banjercito office. The cargo manifest, indicating vessels characteristics (name, registration or HIN) must be submitted.

NOTE:
The above documents may be sent via registered mail to the Banjercito Central Offices or to a CIITEV office at any port of entry. **Mexican Customs Officials will also accept the "Vessel Entrance or Clearance Statement" issued by U.S. Customs and Border Protection** as proof that a vessel left Mexico and will facilitate the cancellation of the Temporary Import Permit.



INSURANCE All vessels in Mexican waters are required to show proof of valid Liability Insurance.
Check your policy to make sure the vessel is covered in the areas you will be cruising and visiting.
